EDUCATION

- ❖ Diploma in Information Technology | SVERI's College of Engineering, Pandharpur
Percentage: 82.38% | September, 2020 – July, 2023
- ❖ Computer Science and Engineering | JSPM University, Pune
CGPA: 8.02 | September, 2023 – June, 2026

SKILLS

- ❖ Languages – Java, JavaScript
- ❖ Technologies – HTML5, CSS3, Bootstrap, React.js, Node.js, Express.js
- ❖ Database – MySQL
- ❖ Version Control -Git/GitHub

PROJECTS

- ❖ **Portfolio**
Built a responsive personal portfolio website using HTML, CSS, and JavaScript, featuring interactive animations and smooth scrolling effects.
- ❖ **Spotify Clone**
Developed a front-end Spotify clone using HTML5 and CSS3. Designed interactive sections like sidebar navigation, playlists, and music player with clean UI and mobile-friendly layout using Flexbox.
- ❖ **Amazon Clone**
Built a front-end Amazon Clone using HTML and CSS, replicating Amazon's homepage layout with responsive navigation, product sections, and footer design to demonstrate web design and UI styling skills.

EXPERIENCE

- ❖ **Frontend Development Intern | TransNeuron Technologies**
(June 2024 – August 2024)
 - Worked on building the frontend of an EV Charging Station Finder and Slot Booking system using React.js, focusing on responsive layouts and reusable UI components.
 - Enhanced usability by implementing smooth navigation and integrating key features such as station search and slot booking, strengthening expertise in JavaScript, React Hooks, and modern UI design.

CERTIFICATES

- ❖ Human Computer Interaction – NPTEL Certificate | Percentage: 88%
